THE DAY YOU FLY FROM THE AIRPORT

For vehicles under 2.1m: Use the left-hand lane when you enter the car park. The barrier will lift automatically. Continue through the Auto Scanner without stopping - there's a 5mph restriction in place.

For vehicles over 2.1m: Use the entry barrier to the right of the Auto Scanner. Press the help button and give your booking reference to the operator who will authorise your entry and raise the barrier. Your vehicle condition inspection will be completed after your vehicle is parked.

Make your way to the Drop Off car park, choose a bay and make a note of your bay number. Head to the Self Service check-in at reception and have your confirmation email and bay number ready - **you'll need to drop off your keys here** and tell a member of the team if they need to know any more information about your car. Follow the instructions on the screen. Your car will be moved to a secured on-site location.

You'll be given a green receipt when you drop off your car. Make sure you keep hold of this as you'll need it when you pick up your car.

From the car park, take the shuttle bus to the airport. It takes 7-9 minutes and runs every 15 minutes, 24 hours a day. The journey is included in the price.

Car Park Information

This booking is for the Silver Zone Car Park, not Bristol Long Stay Parking.

Silver Zone is monitored 24 hours a day and is well lit with CCTV and Automatic Number Plate Recognition. All cars remain on-site within a secure, fenced compound.

If you don't provide your keys or anything else required to start your car and instructions on deactivating any alarms (if necessary), then the car park may move your car and charge a fee or cancel your booking.

Early or late? The car park offers a grace period up until midnight at their discretion. Any longer than this and you will be charged the car park's standard rate of £30. This is subject to change. The car park only accepts card payments.

Most standard cars (without trailers/not commercial vehicles) will be accepted at the car park as long as they are under 2.1m and fit in a standard-size parking bay (2.4m x 4.8m). Vehicles over 2.1m should use the barrier to the right of the auto-scanner.

If you are returning more than 6 hours before you planned to, contact the car park using the details on the green receipt you will receive once you arrive.

Make sure you provide everything needed to move your vehicle including immobiliser codes and keys.

Keep hold of your green receipt that you'll get when you drop your car, as you'll need this when you get back to pick up your car.

Late Return Cover
